- Texts books are generally issued by Departments to students. Where this is not the case students will be informed as to what is required.
- Each student at the College will also be issued a King's College Diary or Guidelines book.

E-Learning Technology Requirements

Our e-learning programme is founded on the premise of 1:1 student possession and use of an iPad for their learning.

All new *domestic* students will be provided with an iPad Pro, Apple Pencil, keyboard, case, and Apple Care cover and support through three-year or two-year leases (dependent on entry level).

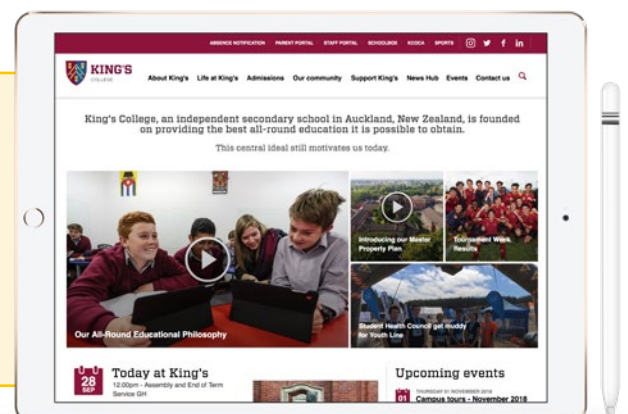

By moving to a standard model of acquisition and deployment, the College is better positioned to enable both teachers and students to collaborate with learning resources and workflows, and for all students to benefit from the advantages of the programme:

1. Device equity – all students have the same device, apps and peripherals, all provided at a lower cost than is commercially available.
2. iPad use is focused on schoolwork and learning – students' iPads are set up exclusively for use in the school environment.
3. iPads will be kept up to date – iPadOS updates and required apps are pushed by the College's Device Management System.
4. iPads can be refreshed after three years by starting a new lease. Devices can be retained at the end of the lease by paying a residual amount.
5. Complete technical support and replacement if a student's iPad is permanently damaged (restrictions and discretion apply). Insurance cover is recommended for loss or theft.
6. Complete cover with AppleCare and 24/7 technical support for staff, students and parents.
7. Students will be provided with a Managed Apple ID on arrival which will facilitate some of the software we use, such as Apple Classroom, and enable collaborative engagement in their schoolwork.
8. The Managed Apple ID provides every student with 200GB free iCloud storage.

With this initiative, we have improved engagement between staff and students and have streamlined workflows when accessing learning and teaching resources, both on and off campus.

If you have any queries, please contact David Parr, Head of E-learning d.parr@kingscollege.school.nz.

King's College's vision for the integration of educational technologies in teaching and learning affirms the transformative role they can play in our students' education during their time at the College and beyond.
